PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS
MAY 29, 2014**

The Board of Directors (the “*Board*”) of Sunshine Heart, Inc. (the “*Company*” or “*Sunshine Heart*”) is soliciting proxies for use at the annual meeting of stockholders to be held Thursday, May 29, 2014, at 3:30 p.m. U.S. Central Daylight Time, at The Marquette Hotel, 710 Marquette Avenue, Minneapolis, Minnesota and at any adjournment or postponement of the meeting. We expect to mail this proxy statement to our stockholders on or about April 16, 2014.

ABOUT THE ANNUAL MEETING

What is the purpose of the meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of annual meeting of stockholders. After the meeting, management will report on matters of current interest to our stockholders and respond to questions from our stockholders. The matters outlined in the notice include:

- the election of two Class I directors, each to serve for a three-year term (“*Proposal 1*”); and
- the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for 2014 (“*Proposal 2*”).

Who is entitled to vote at the meeting?

Only those stockholders of record on April 4, 2014 at 4:30 p.m. U.S. Central Daylight Time (the “*record date*”) will be entitled to receive notice of and to vote at the meeting and any adjournment or postponement thereof. As of April 4, 2014, we had 16,875,116 shares of common stock outstanding, all of which are entitled to vote with respect to the proposals to be acted upon at the meeting.

What are my voting rights?

Holders of our common stock are entitled to one vote per share. Therefore, as of April 4, 2014, a total of 16,875,116 votes are entitled to be cast at the meeting.

How many shares must be present to hold the meeting?

In accordance with our Amended and Restated Bylaws (the “*Bylaws*”), the holders of a majority of the outstanding shares of stock entitled to vote as of the record date must be present at the annual meeting, in person or by proxy, in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted as present at the meeting if you are present and vote in person at the meeting, or you have properly and timely submitted your proxy or voting instruction form as described below under “How do I vote my shares of Sunshine Heart common stock?”, in each case, whether you vote “FOR”, “WITHHOLD”, “AGAINST” or “ABSTAIN” with respect to a particular matter to be voted upon at the meeting. See “Can I vote my shares in person at the meeting?” below for limitations applicable to street name holders.

What is a proxy?

A proxy is your designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We refer to this as your “proxy vote”. Two executive officers have been designated as proxies for our 2014 annual meeting of stockholders. These executive officers are David A. Rosa, the Company’s Chief Executive Officer and President, and Jeffrey S. Mathiesen, the Company’s Chief Financial Officer and Secretary.

What is the difference between a stockholder of record and a “street name” holder?

If you own shares registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares. As a stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the annual meeting.

If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee, as the case may be, is considered to be the stockholder of record with respect to those shares, while you are considered to be the beneficial owner of those shares. In that case, your shares are said to be held in “street name” and the notice of annual meeting was forwarded to you on behalf of that organization. Street name holders generally cannot vote their shares directly and must instead instruct their brokers, banks, trusts or other nominees how to vote their shares using the method described below under “How do I vote my shares of Sunshine Heart common stock?” Since a street name holder is not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a “legal proxy” from the broker, bank, trust or other nominee that holds your shares, giving you the right to vote the shares at the meeting.

How do I vote my shares of Sunshine Heart common stock?

Stockholders of Record. If you are a stockholder of record, you can submit a proxy to be voted at the meeting in any of the following ways:

- over the telephone by calling a toll-free number;
- over the Internet; or
- signing, dating and mailing the proxy card in the envelope provided.

To vote by telephone or Internet, you will need to use a control number provided to you in the materials with this proxy statement and follow the additional steps when prompted. The steps have been designed to authenticate your identity, allow you to give voting instructions, and confirm that those instructions have been recorded properly.

Street Name Holders. If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker, bank, trust or other nominee, which is similar to the voting procedures for stockholders of record. You will receive a voting instruction form (not a proxy card) to use in directing the broker, bank, trust or other nominee how to vote your shares.

What does it mean if I receive more than one printed set of proxy materials?

If you receive more than one printed set of proxy materials, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, please sign and deliver, or otherwise vote, each proxy card and voting instruction form that you receive.

How can I attend the meeting?

All of our stockholders are invited to attend the annual meeting in person. You may be asked to present valid photo identification, such as a driver's license or passport, before being admitted to the meeting. If you hold your shares in street name, you also may be asked to present proof of ownership to be admitted to the meeting. A brokerage or holding statement or letter from your broker, bank, trust or other nominee are examples of proof of ownership.

Can I vote my shares in person at the meeting?

Stockholders of Record. If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you submit your proxy as described above so your vote will be counted if you later decide not to attend the meeting. If you submit your vote by proxy and later decide to vote in person at the annual meeting, the vote you submit at the meeting will override your proxy vote.

Street Name Holders. If you are a street name holder, you may vote your shares in person at the meeting only if you obtain and bring to the meeting a signed letter or other form of proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

How does the Board recommend that I vote?

The Board recommends a vote:

- FOR both of the nominees for director; and
- FOR the ratification of the selection of Ernst & Young LLP as the independent registered public accounting firm of Sunshine Heart for the fiscal year ending December 31, 2014.

What if I do not specify how I want my shares voted?

Stockholders of Record. If you are a stockholder of record and you indicate a choice with respect to any matter to be acted upon on your proxy card, the shares will be voted in accordance with your instructions. Proxy cards that are signed and returned, but do not contain voting instructions with respect to certain matters, will be voted in accordance with the recommendations of the Board on such matters.

Street Name Holders. If you are a street name holder and you indicate a choice with respect to any matter to be acted upon on your voting instruction form, the shares will be voted in accordance with your instructions. If you do not indicate a choice with respect to a matter, or if you do not return your voting instruction form, the broker, bank, trustee or other nominee will determine if it has the discretionary authority to vote your shares. Under applicable law, a broker, bank, trustee or other nominee has the discretion to vote on routine matters, including the ratification of the selection of an independent registered public accounting firm. For all matters at the 2014 annual meeting, other than the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014, brokers, banks, trustees and other nominees will be unable to vote on your behalf; if you do not instruct them how to vote your shares in the manner set forth on your voting instruction form, a "broker non-vote" will occur. For more information regarding the effect of broker non-votes on the outcomes of the votes, see below under "What is the voting requirement to approve each of the proposals included in the notice of meeting?"

Your vote is important. We urge you to vote, or to instruct your broker, bank, trust or other nominee how to vote, on all matters before the annual meeting.

What is the voting requirement to approve each of the proposals included in the notice of meeting?

Proposal 1—Election of Directors. You may either vote “FOR” or “WITHHOLD” authority to vote for each director nominee. You may not vote “AGAINST” any director nominee. This is because we are subject to the rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”) which prohibit the casting of votes “against” the election of directors. The two nominees receiving the highest number of “FOR” votes at the annual meeting will be elected as Class I directors. This number is called a plurality. Withheld votes and broker non-votes will have no effect on the outcome of the vote.

Proposal 2—Ratification of Selection of Ernst & Young LLP. You may vote “FOR”, “AGAINST” or “ABSTAIN” on the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. The proposal to ratify the selection of Ernst & Young LLP requires the affirmative vote of holders of a majority of shares entitled to vote and present at the annual meeting, in person or by proxy. Abstentions will have the same effect as votes against the matter. As described above under “What if I do not specify how I want my shares voted?”, if you are a street name holder, your broker, bank, trustee or other nominee has the discretion to vote on routine matters, including the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. If your broker, bank, trustee or other nominee does not exercise its voting discretion, a broker non-vote will occur. Broker non-votes will have no effect on the outcome of the vote.

Other Matters. If any other matter is properly submitted to the stockholders at the meeting, its adoption generally will require the affirmative vote of holders of a majority of shares entitled to vote and present at the annual meeting, in person or by proxy. The Board does not propose to conduct any business at the meeting other than as stated above.

Can I change my vote after submitting my proxy?

Stockholders of Record. If you are a stockholder of record, you may change your vote at any time before your proxy is voted at the annual meeting, in any of the following ways:

- by submitting a later-dated proxy by telephone or Internet before 6:29 a.m. U.S. Central Daylight Time on May 29, 2014;
- by sending a written notice of revocation or a later-dated proxy to the Secretary of Sunshine Heart, which must be received before the time of the annual meeting; or
- by voting in person at the meeting.

Street Name Holders. If you hold your shares through a broker, bank, trust or other nominee, you should contact such person prior to the time your voting instructions are exercised.

Who pays for the cost of proxy preparation and solicitation?

We pay for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of distributing proxy materials to street name holders. We are soliciting proxies by mail. In addition, our directors, officers and regular employees may solicit proxies personally, telephonically, electronically or by other means of communication. Our directors, officers and regular employees will receive no additional compensation for these services.

Where can I find the voting results?

We intend to announce the preliminary voting results at the annual meeting and, in accordance with the rules of the SEC, we intend to publish the final results in a current report on Form 8-K within four business days of the annual meeting.

PROPOSAL 1 – ELECTION OF DIRECTORS

The Board currently consists of seven directors serving three-year staggered terms. The Board has nominated current Class I directors, Paul R. Buckman and Warren S. Watson, for new three-year terms. As discussed below, the Board has affirmatively concluded that each of Mr. Buckman and Mr. Watson is independent under the applicable rules of the NASDAQ Capital Market (“*NASDAQ*”).

The two Class I directors to be elected at the annual meeting will hold office until the 2017 annual meeting of stockholders. Each director will serve until a successor is duly elected and qualified or until such director’s earlier death, resignation or removal. The remaining directors are Class II directors, whose terms expire in 2015, or Class III directors, whose terms expire in 2016.

Each nominee has consented to be listed in this proxy statement and agreed to serve as a director if elected by the stockholders. If any nominee becomes unable or unwilling to serve between the date of this proxy statement and the annual meeting, the Board may designate a new nominee and the persons named as proxies in the attached proxy card will vote for that substitute nominee. Alternatively, the Board may reduce the size of the Board.

The Board recommends that you vote FOR the election of each of the Class I director nominees.

Bard, Inc. in July 2010 (served as Chairman of the Audit Committee), from May 2006 to July 2010.

Mr. Waller's qualifications to serve on the Board include his 41 years of financial and management experience, including his experiences as Chief Financial Officer for Universal Building Products and Sybron Dental Specialties, as well as his familiarity with public company board functions from his service on the boards of other public companies.

As described above, Mr. Waller was the Chief Financial Officer of Universal Building Products from 2006 to 2011. Universal Building Products filed a voluntary petition for bankruptcy on August 4, 2010. Except as described in the preceding sentence and included in the disclosure for Mr. Erb above, no other event has occurred during the past 10 years requiring disclosure pursuant to Item 401(f) of Regulation S-K.

Director Independence

As required under the rules and regulations of NASDAQ, a majority of the members of a listed company's board of directors must qualify as "independent", as affirmatively determined by the board. Our Board of Directors consults with our counsel to ensure that the Board's independence determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent", including those set forth in pertinent listing standards of NASDAQ, as in effect from time to time.

Consistent with these considerations, the Board has affirmatively determined that all of our current directors, director nominees and others who served as directors during any part of the fiscal year ended December 31, 2013 are or were (as the case may be) independent directors within the meaning of the applicable NASDAQ listing rules, except for Mr. Rosa, our current Chief Executive Officer and President; Dr. Peters, our current Chief Technical Officer and Medical Director, who resigned from the Board effective January 29, 2013; and Mr. Salvesson, who is an executive officer of Piper Jaffray Companies, the parent company of Piper Jaffray & Co. Piper Jaffray & Co. received payments from the Company in excess of \$200,000 for its services as joint book-running manager for the Company's confidentially marketed public offering which closed on September 24, 2013.

As required under NASDAQ rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of the Board are comprised entirely of directors determined by the Board to be independent within the meaning of NASDAQ rules and regulations. In addition, the Board has affirmatively determined that the members of the Audit Committee qualify as independent in accordance with the additional independence rules established by the SEC and NASDAQ.

BOARD MATTERS

The Board of Directors

Role of the Board and Management

The business of Sunshine Heart is conducted by the officers and employees of the Company, under the oversight of our Board of Directors. As part of its general oversight function, the Board reviews, monitors and approves fundamental business and financial strategies and major corporate actions, and reviews and discusses reports by management on the performance of the Company and its prospects, as well as issues and risks facing the Company. The Board, operating through its committees, selects, evaluates and determines compensation and succession planning for the Company's senior management; engages and assesses the independence of the Company's outside auditor; ensures that processes are in place for maintaining the integrity of the Company's financial statements and external reporting, and the integrity of compliance with law and ethics policies; and nominates directors for the Board.

Board Leadership Structure

Mr. Rosa serves as the Company's Chief Executive Officer, while Mr. Erb, a non-employee independent director, serves as Chairman of our Board of Directors. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing our Chairman to lead the Board in its fundamental role of providing advice to, and independent oversight of, management. The Board recognizes the time, effort and energy that our Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment involved with service as our Chairman. Our Corporate Governance Guidelines require our Chief Executive Officer and Chairman positions to be separate because the Board believes that having separate positions and having an independent director serve as Chairman is the appropriate leadership structure for us and demonstrates our commitment to good corporate governance.

Board Involvement in Risk Oversight

It is the responsibility of management to identify, assess and manage our exposure to risks. Our Board plays an important role in overseeing management's performance of these duties as well as the processes and systems the Company uses to identify, prioritize, source, manage and monitor our critical risks. To this end, our Board receives regular reports from our Chief Executive Officer and other members of management regarding risks associated with our operations and strategic plans. These reports typically take the form of discussions incorporated into presentations made to our Board at regular and special meetings where risks are identified in the context of the matter being discussed. Additionally, at least annually, our Board reviews a report presented by management regarding the material risks faced by us, our risk management processes and systems and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

The Board has generally retained the primary risk oversight function and has an active role in overseeing management of our material risks. The oversight of risk is also conducted at the committee level. The Audit Committee oversees the management of financial and internal control risks as well as risks associated with litigation and related party transactions. The Compensation Committee oversees the management of risks relating to our executive compensation plans and arrangements. The Nominating and Corporate Governance Committee oversees the management of risks associated with the composition and independence of our Board, compliance with various regulatory and listing standards requirements and succession planning. While each committee is responsible for evaluating and overseeing the management of risks relevant to that particular committee, the full Board is regularly informed of the committees' risk oversight activities through committee reports presented at Board meetings.

Meeting Attendance

Our directors are expected to attend meetings of the Board and the committees on which they serve, as well as our annual meeting of stockholders. The Board held eight meetings during fiscal 2013. Each of our directors attended at least 75% of the meetings of the Board and the committees on which he served during 2013. Messrs. Erb, Rosa and Watson attended the 2013 annual meeting of stockholders.

Committees of the Board

The Board has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee (formerly the Governance and Nominating Committee). Each committee operates under a written charter approved by the Board. Each committee's charter was revised in 2013 and is currently posted on our website at www.sunshineheart.com/corporate-governance. The following table sets forth the current membership of each of our committees and the number of meetings held for each in fiscal 2013.

Paul R. Buckman		Chairman	X
John L. Erb(1)	X	X	
Jon W. Salveson(2)			
Gregory D. Waller	Chairman		X
Warren S. Watson(1)(2)	X		Chairman

- (1) Upon Mr. Erb's resignation from the Nominating and Corporate Governance Committee, the Board appointed Mr. Watson to the Committee to serve as its Chairman, effective April 25, 2013.
- (2) Concurrent with his retirement from the Board, Mr. O'Dwyer retired from the Audit Committee, and the Board appointed Mr. Salveson to the Committee, effective May 23, 2013 upon the close of the 2013 annual meeting of stockholders. Following Mr. Salveson's resignation from the Audit Committee, the Board appointed Mr. Watson to the Committee, effective September 8, 2013.

Audit Committee

The primary purpose of the Audit Committee is to act on behalf of the Board in fulfilling the Board's oversight responsibilities with respect to the Company's corporate accounting and financial reporting processes; the Company's systems of internal control over financial reporting, including financial disclosure controls and procedures; audits of the Company's consolidated financial statements; the quality and integrity of the Company's consolidated financial statements and reports provided to the Company's stockholders, the SEC and other persons; and the qualifications, independence and performance of the Company's independent registered public accounting firm. To implement this purpose, the Committee is charged with the following responsibilities, among others:

- to evaluate the qualifications, performance and independence of our independent registered public accounting firm and to assess the permissibility of and pre-approve all audit and permissible audit-related and non-audit services to be provided by the independent registered public accounting firm;
- to discuss with management and our independent registered public accounting firm any major issues as to the adequacy of our internal control over financial reporting, any actions to be taken in light of significant or material control deficiencies and the adequacy of our disclosures about changes in internal control over financial reporting;

[Table of Contents](#)

- to establish procedures for the receipt, retention and treatment of complaints regarding accounting, internal control over financial reporting or auditing matters, including the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
- to review the consolidated financial statements proposed to be included in the Company's annual report on Form 10-K and recommend to the Board whether or not such consolidated financial statements should be so included;
- to prepare the Audit Committee Report required by SEC rules to be included in our annual proxy statement; and
- to review the Company's disclosures in its periodic reports on Form 10-K and Form 10-Q to be filed with the SEC and approve the filing of each such report.

Each member of the Audit Committee meets the independence requirements of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), and the independence and financial literacy requirements of NASDAQ. The Board has determined that Mr. Waller is our "audit committee financial expert" as defined under the applicable rules of the SEC. The designation of an "audit committee financial expert" does not impose upon such person any duties, obligations or liability that are greater than those which are generally imposed on such person as a member of the Committee and the Board, and such designation does not affect the duties, obligations or liability of any other member of the Committee or the Board.

Compensation Committee

The primary purpose of the Compensation Committee is to act on behalf of the Board in fulfilling the Board's responsibilities to oversee the Company's compensation policies, plans and programs, and to review and determine the compensation to be paid to the Company's executive officers. To implement this purpose, the Committee is charged with the following responsibilities, among others:

- to recommend the compensation and other terms of employment of the Company's Chief Executive Officer to the Board for approval and to evaluate the Chief Executive Officer's performance in light of relevant individual and corporate performance goals and objectives;
- to review and approve the individual and corporate performance goals and objectives of the Company's other executive officers, and to determine and approve the compensation and other terms of employment of such executive officers, considering, among other things, the recommendations of the Company's Chief Executive Officer;
- to review the compensation paid to non-employee directors for their service on the Board and its committees and recommend any appropriate changes to the Board for approval;
- to recommend to the Board the adoption, amendment and termination of the Company's equity incentive plans and to administer such plans and approve grants and awards as permitted or required under such plans; and
- to evaluate risks associated with and potential consequences of the Company's compensation policies and practices.

The Committee may form and delegate authority to subcommittees as appropriate, including but not limited to a subcommittee composed of one or more directors, as further set forth in the Committee's charter.

Role of Management. Similar to prior years, in fiscal 2013 the Committee received significant input from the Company's Chief Executive Officer with respect to the amount and form of the Company's executive officer and other employee compensation. See "Named Executive Officer Compensation Tables-Summary Compensation

[Table of Contents](#)

Table-Narrative Discussion of Summary Compensation Table for Fiscal 2013” for additional information regarding the role of management in executive compensation determinations.

Compensation Consultant. The Compensation Committee engaged Grant Thornton LLP (“*Grant Thornton*”) to perform a comprehensive review of the Company’s executive and non-employee director compensation. Grant Thornton is a compensation consulting firm specializing in executive compensation consulting services, and reported directly to the Compensation Committee. In connection with such engagement, Grant Thornton provided the following services during fiscal 2013:

- evaluated the Company’s executive officers’ base salaries, incentive compensation, and total compensation relative to the competitive market;
- briefed the Compensation Committee on executive compensation trends among the Company’s peers and the broader industry;
- assessed the alignment of CEO pay to relative industry performance measures; and
- evaluated the Company’s non-employee director compensation levels and program relative to the competitive market.

See “Named Executive Officer Compensation Tables-Summary Compensation Table-Narrative Discussion of Summary Compensation Table for Fiscal 2013” for further information regarding Grant Thornton’s services related to the Company’s compensation of its executive officers and “-Director Compensation-Non-Employee Director Compensation Policy” for further information regarding Grant Thornton’s services related to the Company’s compensation of its non-employee directors. Notwithstanding Grant Thornton’s performance of such services, the decisions made by the Compensation Committee during fiscal 2013 were its responsibility and may reflect factors and considerations other than the information and recommendations provided by Grant Thornton.

During fiscal 2013, Grant Thornton reported directly to the Compensation Committee on all matters related to executive and non-employee director compensation. Grant Thornton provided additional analysis of non-executive employee compensation under a separate engagement reporting to management. The Compensation Committee considered the following six factors with respect to Grant Thornton: (i) the provision of other services to the Company by Grant Thornton; (ii) the amount of fees received from the Company by Grant Thornton, as a percentage of the total revenue of Grant Thornton; (iii) the policies and procedures of Grant Thornton that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Grant Thornton with a member of the Committee; (v) any stock of the Company owned by Grant Thornton; and (vi) any business or personal relationship of Grant Thornton with an executive officer of the Company. After considering the foregoing factors, the Compensation Committee determined that the work of Grant Thornton with the Compensation Committee for fiscal 2013, did not raise any conflict of interest.

Nominating and Corporate Governance Committee

The primary purpose of the Nominating and Corporate Governance Committee is to review the composition and performance of the Board and its committees and to oversee all aspects of the Company’s corporate governance functions. To implement this purpose, the Committee is charged with the following responsibilities, among others:

- to identify, review and evaluate candidates to serve on the Board, to review and evaluate incumbent directors, and to recommend to the Board nominees for election to the Board;
- to monitor the size of the Board;
- to review, discuss and assess, on an annual basis, the performance of management and the Board, including its committees;

[Table of Contents](#)

- to recommend to the Board, on an annual basis, the chairmanship and membership of each Committee, considering the interests, independence and experience of individual directors and the independence and experience requirements of the SEC and NASDAQ; and
- to exercise general oversight over corporate governance policy matters of the Company, including developing, reviewing and assessing the Corporate Governance Guidelines and recommending appropriate changes to the Board for consideration.

Procedures for Selecting and Nominating Director Candidates. As required by our Corporate Governance Guidelines, when evaluating the appropriate characteristics of candidates for service as directors, the Committee takes into account many factors. The Committee recommends to the Board, and the Board selects and recommends to stockholders, qualified individuals who, if added to the Board, would provide the mix of director characteristics and diverse experiences, perspectives and skills appropriate for us. Board candidates are considered based on various criteria, including breadth and depth of relevant business and board skills and experiences, judgment and integrity, reputation in their professions, diversity of background, education, leadership ability, concern for the interests of stockholders and relevant regulatory guidelines. We do not have a formal policy with respect to diversity. The Committee recommends individuals for election as directors in the context of an assessment of the perceived needs of the Board at the particular point in time. Directors must be willing and able to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serving on the Board for an extended period of time.

The Committee will consider recommendations by stockholders with respect to elections to be held at annual meetings, so long as such recommendations are sent on a timely basis to the Secretary of the Company and are otherwise in accordance with the Company's Bylaws and with the rules and regulations of the SEC. The Committee will evaluate nominees recommended by stockholders against the same criteria that it uses to evaluate other nominees. The Company did not receive any nominations of directors by stockholders for the 2014 annual meeting.

Under our Bylaws, in order to nominate a candidate for service as a director, you must be a stockholder of record at the time you give notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. Director nominations generally must be made pursuant to notice delivered to the Company's Secretary at our principal executive offices not later than the 90th day, but not earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. Your notice must set forth:

- the name, age, business address and residence address of the nominee;
- the principal occupation or employment of the nominee;
- the class and number of shares of each class of capital stock of the Company owned of record and beneficially by the nominee, and the date or dates on which such shares were acquired, as well as the investment intent of such acquisition; and
- all other information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or that is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

Your notice must also set forth the following information for you and any beneficial owner on whose behalf you make a nomination (each, a *"proponent"* and collectively, the *"proponents"*):

- the name and address of each proponent, as they appear on our books;
- the class, series and number of shares of the Company that are owned beneficially and of record by each proponent;

[Table of Contents](#)

- a description of any arrangement or understanding with respect to such nomination between or among any proponent and any of its affiliates and associates, and any others acting in concert, or otherwise under the arrangement or understanding, with any of the foregoing;
- a representation that the proponents are holders of record or beneficial owners, as the case may be, of shares of the Company entitled to vote at the meeting and that they intend to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- a representation as to whether the proponents intend to deliver a proxy statement and form of proxy to a sufficient number of holders of the Company's voting shares to elect such nominee or nominees;
- to the extent known by any proponent, the name and address of any other stockholder supporting the proposal; and
- a description of all derivative transactions by each proponent during the previous 12-month period.

In addition, such information must be updated and supplemented so that all applicable information is true and correct in all material respects as of the record date for the meeting and the date that is five business days prior to the meeting (or any adjournment or postponement of the meeting). For complete information regarding the procedures for stockholder nominations of directors, see the Company's Bylaws.

Corporate Governance

Our Board of Directors and management are committed to responsible corporate governance to ensure that the Company is managed for the benefit of its stockholders. To that end, the Board and management periodically review and update, as appropriate, the Company's corporate governance policies and practices and, when required, make changes to such policies and practices as are mandated by the Sarbanes-Oxley Act, the Dodd-Frank Act, other SEC rules and regulations and the listing standards of NASDAQ.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which are posted on our website at www.sunshineheart.com/corporate-governance. These guidelines address, among other things: the role of the Board and management; Board composition and leadership, including the size of the Board, director independence and other director qualifications; Board and committee organization and operations; Board evaluation of the performance and effectiveness of the Chief Executive Officer; succession plans for senior management; and Board relationships and communications with stockholders and other constituencies.

Code of Conduct

The Board has adopted a Code of Business Conduct and Ethics (the "**Code**"), which sets out basic principles to guide the actions and decisions of our employees, directors and officers, including our Chief Executive Officer and Chief Financial Officer. The Code addresses, among other things, ethical principles, insider trading, conflicts of interest, compliance with laws and confidentiality. The Code is posted on our website at www.sunshineheart.com/corporate-governance. Any amendment to, or waiver of, a provision of the Code that applies to a director or executive officer must be approved by the Board and will be publicly disclosed as required by the rules of either the SEC or NASDAQ.

Committee Charters

See "--Committees of the Board" for a description of the Board's delegation of authority and responsibilities to the three standing committees.

Stockholder Communication with the Board

Stockholders who wish to communicate with the Board may do so by writing to the Board or a particular director in care of the Secretary of Sunshine Heart, Inc., 12988 Valley View Road, Eden Prairie, Minnesota 55344. All communications will initially be received and processed by the Secretary of the Company, who will then refer the communication to the appropriate Board member (either the director named in the communication, the chairperson of the committee having authority over the matter raised in the communication, or the chairperson of the Board in all other cases). The director to whom a communication is referred will determine, in consultation with our counsel, whether a copy or summary of the communication will be provided to the other directors. The Board will respond to communications if and as appropriate.

Non-Employee Director Compensation Policy

The Compensation Committee engaged Grant Thornton in fiscal 2013 to conduct an analysis of the Company's non-employee director compensation. Grant Thornton assessed the compensation program against a peer group consisting of 22 companies similar to Sunshine Heart based on industry, market capitalization, revenue and assets. The market data indicated that the Company's average total compensation for 2012 was at the 25th percentile of the peer group; and while the annual retainers for non-employee directors were competitive, the lack of annual equity compensation was a competitive shortfall to the Company's peer organizations.

In light of the market data and other factors deemed relevant by the Committee, the Committee determined to maintain the annual retainers at then-current levels, but to provide annual equity grants at competitive market levels, as opposed to discretionary grants from time to time. In July 2013, the Committee recommended, and the Board approved, the Non-Employee Director Compensation Policy summarized in the following table (the "**Director Compensation Policy**"):

Annual Retainer:(1)	
Chairman of the Board	\$105,000
Other Non-Employee Directors	55,000
Annual Equity Award (\$ value):(2)	35,000

- (1) The annual retainers are payable in equal quarterly installments, in arrears on the last day of each fiscal quarter in which the service occurred.
- (2) Commencing in 2014, on the date of the first regular annual meeting of the Company's stockholders, the Company will grant each newly-elected and each continuing non-employee director an annual equity award. One-third of the annual equity award will be issued in the form of a stock option, and two-thirds of the annual equity award will be issued in the form of restricted stock units. In each case, 1/12th of the shares underlying the awards will vest monthly, commencing on the one-month anniversary of the date of grant, so that all of the underlying shares will be vested on the one-year anniversary of the date of grant.

The stock option awards and restricted stock unit awards granted July 30, 2013 and reflected in the Fiscal 2013 Compensation Table above were granted upon adoption of the Director Compensation Policy and intended to be consistent therewith.

- (1) Fiscal year ended December 31.
- (2) The amounts reported reflect the grant date fair value of stock awards and restricted stock unit awards granted under the Company’s Second Amended and Restated 2011 Equity Incentive Plan (the “*2011 Equity Incentive Plan*”). The grant date fair value of the awards was computed in accordance with FASB ASC Topic 718 and is based on the closing price of our common stock on the date of grant. For a discussion of the valuation of the Company’s stock awards for accounting purposes, refer to Note 3 of the Notes to Consolidated Financial Statements filed with the Company’s annual report on Form 10-K.
- (3) The amounts reported reflect the grant date fair value of stock option awards granted under the 2011 Equity Incentive Plan or the Company’s New-Hire Equity Incentive Plan (the “*New-Hire Plan*”), in the case of Dr. Verta. The grant date fair value of the awards was computed in accordance with FASB ASC Topic 718. For a discussion of the relevant assumptions used to determine the valuation of the Company’s option awards for accounting purposes, refer to Note 3 of the Notes to Consolidated Financial Statements filed with the Company’s annual report on Form 10-K.
- (4) The amounts reported reflect the dollar value of nonequity incentive plan awards for services performed during the fiscal year, payable in the form of a cash bonus and based upon the achievement of predetermined corporate or individual performance goals (as further discussed under “-Narrative Discussion of Summary Compensation Table for Fiscal 2013-Incentive Compensation-Nonequity Compensation”).
- (5) During fiscal 2013, Mr. Rosa received a special cash bonus in the amount of \$20,000 for his efforts in connection with the

Company's confidentially marketed public offering which closed on September 24, 2013.

- (6) The Board approved the award of 347,000 stock options to Mr. Rosa on November 8, 2012, but the options were not issued at that time, pending (i) removal of the requirement for stockholder approval pursuant to Australian Securities Exchange ("ASX") prohibitions on issuance of options to directors without stockholder approval, or (ii) stockholder approval, whichever occurred first. Effective May 6, 2013, the Company delisted from the ASX, and the options were issued on such date.
- (7) Dr. Verta is a named executive officer only in 2013 and therefore the Summary Compensation Table is only required to include his compensation information for 2013. Dr. Verta received a pro-rata portion of his base salary and nonequity incentive plan compensation based on his date of hire, which was August 27, 2013.
- (8) Dr. Peters is a named executive officer only in 2013 and therefore the Summary Compensation Table is only required to include his compensation information for 2013. All cash amounts for Dr. Peters were paid to WSP in Australian Dollars. For purposes of the table above, such amounts were converted from Australian Dollars into U.S. Dollars using the conversion rates in effect on the dates of payment.

Narrative Discussion of Summary Compensation Table for Fiscal 2013

Employment Agreements

Mr. Rosa is party to a written employment agreement with the Company, and all named executive officers are party to a change in control agreement with the Company. The terms of Mr. Rosa's employment agreement and the named executive officers' change in control agreements are summarized under "- Potential Payments Upon Termination or Change in Control".

Salaries

The initial annual base salaries of Mr. Rosa, Dr. Peters and Dr. Verta were determined pursuant to negotiations with these officers in connection with their hiring. Commencing in fiscal year 2012, our Board of Directors determined to make annual adjustments to the annual base salaries of our employees, regardless of location, including our named executive officers.

At the beginning of fiscal year 2013, the Company's Chief Executive Officer recommended salaries for the other named executive officers for 2013, based on his evaluation of three primary factors: salaries of persons occupying similar positions at other small medical device companies; the Company's overall performance for the prior year; and the individuals' contributions to our results for the prior year. The Chief Executive Officer's evaluation of salaries for persons occupying similar positions at other small public medical device companies was based on his general industry knowledge and consultation of proxy statements filed by U.S. publicly traded companies with the SEC. The Chief Executive Officer used this market information to help determine whether the salaries for our other named executive officers were, in his opinion, significantly above or below the salaries of persons occupying similar positions at the companies consulted, and to confirm that any variations to what he considered to be a "market" salary were, in his opinion, justified. The Chief Executive Officer did not target compensation at a specified point relative to the market information he gathered, nor did he use studies or compilations of information prepared by third parties to evaluate salaries paid by the Company's competitors. The Chief Executive Officer's evaluation of the Company's performance was a subjective evaluation of our progress toward commercializing our system and meeting our business plan. The Board considered the Chief Executive Officer's recommendations, and approved the annual base salary for Dr. Peters set forth in the Summary Compensation Table above.

Incentive Compensation

Equity Compensation. The Compensation Committee engaged Grant Thornton in fiscal 2013 to conduct an analysis of the Company's executive compensation. Grant Thornton assessed the compensation program against a peer group consisting of 21 companies similar to Sunshine Heart based on industry, market capitalization, revenue and assets. Grant Thornton's comparison of the Company's target total compensation with peer group target pay levels indicated that our salaries were competitive to the median of the peer group; that target total cash compensation was, on average, 14% below the median of the peer group; and that target total compensation was, on

[Table of Contents](#)

average, 2% below the median of the peer group. Grant Thornton's comparison of the Company's current total compensation with peer group pay levels indicated that while current total compensation was, on average, 10% above the median of the peer group, this finding was misleading, given that executive equity holdings were below market. Based on the foregoing, Grant Thornton made several recommendations with respect to the Company's executive compensation program, including that the Company utilize restricted stock unit awards; that the Company grant equity awards at or above historic levels to ensure each executive officer moves to a competitive ownership position for a start-up, high-growth firm; and that the Company adopt a new-hire program to facilitate recruitment of executive talent.

In light of the foregoing and other factors deemed relevant by the Committee, the Committee recommended, and the Board approved, the New-Hire Plan. The Company did not adopt a formal executive compensation policy, but endeavored to target a more competitive ownership level for its executive officers. The Company also began utilizing restricted stock unit awards. Consistent with the foregoing, the Company granted the stock awards and option awards reflected in the Summary Compensation Table above for fiscal 2013. The stock awards were grants of fully vested shares of our common stock. The material terms of the restricted stock unit awards and the stock option awards are set forth in the Outstanding Equity Awards at Fiscal Year-End table and accompanying footnotes below.

In 2012, as in prior years, the Board awarded Mr. Rosa stock option awards with greater-than-annual frequency to gradually increase his ownership position to a level that the Board, in its discretion and based on the collective experiences of its members, believed to be appropriate for the chief executive officer of a development-stage public medical device company otherwise comparable to Sunshine Heart.

Nonequity Compensation. In 2013, the nonequity incentive plan compensation for the named executive officers was based on the achievement of corporate, as opposed to individual, performance goals. The Compensation Committee, in consultation with the Chief Executive Officer, defined seven performance objectives primarily related to the Company's financing and clinical activities; assessed the Company's achievement of those objectives at December 31, 2013; and calculated a total weighted average performance to objectives of 94%.

Mr. Rosa's employment agreement provides for a target cash incentive payment for 2013 in an amount equal to 30% of his annual base salary for 2013. Based on a total weighted average performance to objectives of 94%, Mr. Rosa received an incentive cash payment of \$93,644 for 2013. Each of Dr. Verta's and Dr. Peter's nonequity incentive plan compensation awards for 2013 contemplate target cash incentive payments in amounts equal to 25% of their respective annual base salaries for 2013. Based on a total weighted average performance to objectives of 94%, Dr. Verta received a cash incentive payment of \$20,000 for 2013 (pro-rated based on his date of hire), and Dr. Peters received a cash incentive payment of \$24,957 for 2013.

Mr. Rosa's nonequity incentive plan compensation for fiscal 2012 was based on his achievement of a combination of individual and corporate performance goals, including the following, among others: IDE approval for the Company's U.S. Pivotal Trial, CE Mark approval for sale of the C-Pulse® in Europe, and continued financing of the Company's operations and product development (including a listing on a U.S. securities exchange). The Board determined that Mr. Rosa achieved all of these goals and awarded him the maximum cash incentive payment provided in his employment agreement for 2012, which was \$95,790.

Potential Payments Upon Termination or Change in Control

Equity Incentive Plans

Equity incentive awards have been issued to the named executive officers under the 2002 Stock Plan, the 2011 Equity Incentive Plan and the New-Hire Plan. A termination or change in control may affect the vesting and/or exercisability of awards issued under these plans, as further discussed below.

Amended and Restated 2002 Stock Plan

Options. The 2002 Stock Plan provides that the applicable award agreement will set forth the terms and conditions upon which an option will remain exercisable, if at all, following the participant's termination of continuous service, provided that the Board or the Compensation Committee may waive or modify such provisions at any time. At a minimum, and in the event the award agreement does not specify the terms and conditions upon which an option will terminate upon termination of a participant's continuous service:

- if a participant's continuous service terminates other than for cause or upon the participant's disability or death, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) for 30 days following the termination;
- if a participant's continuous service terminates upon the participant's disability, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) for six months following the termination;
- if a participant's continuous service terminates upon the participant's death, and in the event of the participant's death within 30 days following the participant's termination, the option may be exercised (to the extent the option was vested as of the date of death or the date of termination, if earlier) by the participant's estate at any time within 12 months following the date of death;

provided that in no event may an option be exercised after its expiration. Unless the award agreement provides otherwise, to the extent the shares underlying the participant's option are not vested at the date of termination, or if the participant does not exercise the option within the time specified in the award agreement (or above), the option will terminate.

The award agreements generally permit the participant to exercise his or her option (to the extent vested) within 12 months from the termination date, in the event of termination due to disability; within 12 months from the date of death, in the event of termination upon the participant's death and in the event the participant dies within 30 days following his or her termination; and within the "Termination Period" set forth in the Notice of Stock Option Grant, in the event of all other terminations.

Second Amended and Restated 2011 Equity Incentive Plan

Under the 2011 Equity Incentive Plan, the Board or the Compensation Committee may accelerate the exercisability or vesting of an award at any time, including immediately prior to a participant's termination or change of control.

Options. Generally, if a participant's continuous service terminates:

- other than for cause or upon the participant's death or disability, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) within such period of time ending on the earlier of (i) the date three months following the termination or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.

[Table of Contents](#)

- upon the participant's disability, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) within such period of time ending on the earlier of (i) the date 12 months following the termination or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.
- as a result of the participant's death, or if the participant dies within the period during which the option may be exercised after the termination of the participant's continuous service for a reason other than cause, the option may be exercised (to the extent the option was vested as of the date of death) by the participant's estate within the period ending on the earlier of (i) the date 18 months following the date of death or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.
- for cause, the option will terminate upon the date of termination, and the participant will be prohibited from exercising his or her option from and after such time.

In addition, if the participant is a member of senior management, and if a change in control occurs and as of, or within six months after, the effective time of the change in control, the participant's continuous service terminates due to (i) an involuntary termination, which is not for cause or due to death or disability, or (ii) a resignation for good reason, 25% of the unvested portion of the option as of the date of termination will vest and become exercisable immediately upon such termination.

Restricted Stock Unit Awards. Upon termination of a participant's continuous service for any reason, any unvested restricted stock units will be immediately canceled and forfeited, provided that the Committee may accelerate the vesting of all or a portion of the award in connection with such termination.

New-Hire Equity Incentive Plan

Under the New-Hire Plan, the Board or the Compensation Committee may accelerate the exercisability or vesting of an award at any time, including immediately prior to a participant's termination or change of control.

Options. Generally, if a participant's continuous service terminates:

- for any reason other than the participant's death or disability, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) within such period of time ending on the earlier of (i) the date three months following the termination or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.
- upon the participant's disability, the participant may exercise his or her option (to the extent the option was vested as of the date of termination) within such period of time ending on the earlier of (i) the date 12 months following the termination or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.
- as a result of the participant's death, or if the participant dies within the period (if any) specified in the award agreement during which the option may be exercised after the termination of the participant's continuous service for a reason other than death, the option may be exercised (to the extent the option was vested as of the date of death) by the participant's estate within the period ending on the earlier of (i) the date 12 months following the date of death or (ii) the expiration of the term of the option. If the option is not exercised within such period, it will terminate.

Restricted Stock Unit Awards. Upon termination of a participant's continuous service for any reason, any unvested restricted stock units will be immediately canceled and forfeited, provided that the Committee may accelerate the vesting of all or a portion of the award in connection with such termination.

Change in Control Agreements

The Company has entered into change in control agreements with each of the named executive officers that require the Company to provide compensation to each such officer in the event of a change in control of Sunshine Heart. Each agreement has a term that runs from its effective date through the later of: (i) the five-year anniversary of the effective date, subject to automatic extension for successive two-year periods until notice of non-renewal is given by either party at least 60 days prior to the end of the then-effective term; or (ii) if a change in control occurs on or prior to the five-year anniversary (or the two-year extension period then in effect), the one-year anniversary of the effective date of the change in control.

The change in control agreements define “change in control” as the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events: (i) subject to certain exceptions, any person or group’s acquisition, directly or indirectly, of more than 50% of the combined voting power of the Company’s outstanding securities other than by virtue of a merger, consolidation or similar transaction; (ii) the consummation of a merger, consolidation, or similar transaction involving the Company if immediately after the consummation of such merger, consolidation or similar transaction, our stockholders immediately prior to such transaction do not directly or indirectly own or beneficially own, either (A) outstanding voting securities representing more than 50% of the combined outstanding voting power of the surviving entity in such merger, consolidation or similar transaction; or (B) more than 50% of the combined outstanding voting power of the parent of the surviving entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such transaction; (iii) the approval by the Company’s stockholders or the Board of a plan of complete dissolution or liquidation of the Company, or the occurrence of a complete dissolution or liquidation of the Company, except for a liquidation into a parent corporation; (iv) the sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the Company’s consolidated assets to an entity, more than 50% of the combined voting power of the voting securities of which are owned by our stockholders in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such transaction; or (v) individuals who were members of the Board on March 17, 2011 cease to constitute at least a majority of the members of the Board, provided that if the appointment, election or nomination for election of any new director was approved or recommended by a majority of the directors then in office who were directors as of March 17, 2011, the director will be treated as being a member of the Board as of March 17, 2011. Notwithstanding the foregoing, the term “change in control” does not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the Company’s domicile.

The change in control agreements provide that, if: (x) a change in control occurs during the term of the officer’s agreement; and (y) the officer’s employment terminates anytime during the one-year period after the effective date of the change in control; and (z) such termination is involuntary at the Company’s initiative without cause or is due to the officer’s voluntary resignation for good reason, then the Company will: (i) pay in a lump sum the officer’s salary for 12 months (or 18 months in the case of Mr. Rosa) and any other earned but unpaid compensation; (ii) pay in a lump sum an amount equal to the incentive bonus payment received by the officer for the fiscal year immediately preceding the fiscal year in which the termination occurs; and (iii) provide healthcare benefits to the officer and the officer’s family until the earlier of (A) the date 12 months after the officer’s termination (or 18 months after the officer’s termination, in the case of Mr. Rosa) and (B) the date the officer is, and/or the officer’s covered dependents are, eligible to receive group medical and/or dental insurance coverage by a subsequent employer.

The Company is also obligated to make the foregoing payments and to provide the foregoing healthcare benefits in the event (i) the officer’s employment terminates during the term of the agreement (A) due to a voluntary resignation for good reason or (B) due to an involuntary termination by the Company without cause prior to a change in control and (ii) a change in control occurs within 90 days of the termination date and during the term of the agreement.

Under the change in control agreements, “cause” has the meaning set forth in any written agreement between the officer and the Company defining such term. In the absence of such agreement, “cause” for

[Table of Contents](#)

termination exists upon the occurrence of any of the following events, if such event has a demonstrably harmful impact on the Company's business or reputation: the officer's (i) commission of any felony or any crime involving fraud, dishonesty or moral turpitude; (ii) attempted commission of, or participation in, a fraud or act of dishonesty against the Company; (iii) intentional, material violation of any contract or agreement between the Company and the officer or of any statutory duty owed to the Company; (iv) unauthorized use or disclosure of the Company's confidential information or trade secrets; or (v) gross misconduct.

Under the change in control agreements, an officer may tender resignation for "good reason" within 180 days after the initial occurrence of any of the following conditions, provided that the officer notifies the Company of the occurrence of the condition, and the Company fails to fully remedy the condition within 30 days of its receipt of written notice: (i) a significant diminution in the officer's employment role with the Company as in effect immediately prior to the effective date of the change in control; (ii) a greater than 5% aggregate reduction by the Company in the officer's annual base salary, as in effect on the effective date of the change in control or as increased thereafter, unless the reduction is pursuant to an across-the-board proportionate salary reduction for all officers, management-level and other salaried employees due to the Company's financial condition, in which case, a greater than 10% aggregate reduction by the Company of the officer's annual base salary will be required for "good reason" to exist; (iii) any failure by the Company to continue in effect any benefit plan or program, including fringe benefits, incentive plans and plans with respect to the receipt of the Company's securities, in which the officer is participating immediately prior to the effective date of the change in control, or any action by the Company that would adversely affect the officer's participation in or reduce his benefits under those benefit plans unless the Company offers a range of benefit plans and programs that, taken as a whole, is comparable to the benefit plans in effect in which the officer is participating immediately prior to the change in control; or (iv) a non-temporary relocation of the officer's business office to a location more than 50 miles from the location at which the officer performs duties as of the effective date of the change in control, except for required travel to an extent substantially consistent with the officer's business travel obligations prior to the change in control.

In addition to the payments described above, each change in control agreement provides that if a change in control occurs while the officer is actively employed by the Company and during the term of the agreement, such change in control will cause the immediate acceleration of the vesting of 100% of any unvested portion of any stock option awards held by the officer on the effective date of such change in control.

The Company is not obligated to make the payments described above unless: (i) the officer signs a full release of any and all claims in favor of the Company; (ii) all applicable consideration periods and rescission periods have expired; and (iii) as of the dates the Company provides any payments to the named executive officer, the officer is in strict compliance with the terms of the applicable change in control agreement and any proprietary information agreement the officer has entered into with the Company.

Employment Agreement – Mr. Rosa

On February 6, 2013, Sunshine Heart entered into an Executive Employment Agreement with Mr. Rosa regarding his employment as Chief Executive Officer and President of the Company. The terms and conditions of the agreement amend and restate the terms and conditions of Mr. Rosa's prior employment agreement with the Company in their entirety.

The agreement has an initial term (the "**Initial Term**") of 12 months beginning on February 6, 2013, and automatically renews for an additional 12-month period at the end of the Initial Term and each 12-month anniversary thereafter, provided that the Company does not notify Mr. Rosa that the term will not be so extended at least 90 days prior to the expiration of the Initial Term or any renewal term thereafter.

The agreement entitles Mr. Rosa to the following compensation, among other benefits:

- an annual base salary of at least \$332,072, to be reviewed at least annually;
- eligibility for an annual performance bonus in an amount of up to 30% of Mr. Rosa's annual base salary for such year based upon the achievement of certain performance goals to be established by the

[Table of Contents](#)

Board;

- participation in welfare benefit plans, practices, policies and programs provided by Sunshine Heart and its affiliated companies (including, without limitation, medical, prescription, dental, disability, employee life, group life, accidental death and travel accident insurance plans and programs) to the extent available generally or to other senior executive officers of the Company;
- prompt reimbursement for all reasonable expenses incurred by Mr. Rosa in accordance with the plans, practices, policies and programs of the Company; and
- four weeks paid time off (PTO), to accrue and to be used in accordance with Sunshine Heart’s policies and practices in effect from time to time, as well as all recognized Company holidays.

As additional compensation for his services, pursuant to the agreement, the Board granted Mr. Rosa an option to purchase 347,000 shares of the Company’s common stock at an exercise price of \$6.46 per share, which was issued May 6, 2013 following the Company’s delisting from the ASX. The agreement also includes a “claw-back” provision requiring reimbursement of any bonus or incentive compensation paid to Mr. Rosa if and to the extent the Board, or an appropriate committee thereof, determines that any fraud, negligence or intentional misconduct by Mr. Rosa was a significant contributing factor to the Company having to restate all or a portion of its financial statements.

Upon termination of Mr. Rosa’s employment, Mr. Rosa may be entitled to certain payments and benefits, depending on the reason for his termination. In the event Mr. Rosa resigns his employment without good reason, the Company terminates Mr. Rosa’s employment for cause, or Mr. Rosa’s employment terminates as a result of his death or disability, Mr. Rosa is entitled to receive the Unconditional Entitlements, but not the Conditional Benefits (each as defined below). In the event Mr. Rosa resigns with good reason or the Company terminates Mr. Rosa’s employment for reason other than cause, Mr. Rosa is entitled to receive the Unconditional Entitlements, as well as the Conditional Benefits, provided that Mr. Rosa signs and delivers to the Company, and does not revoke, a general release of claims in favor of the Company and certain related parties.

The “*Unconditional Entitlements*” include the following: (i) any annual base salary earned, but unpaid, for services rendered to the Company on or prior to the date on which the employment period ends; (ii) in the event Mr. Rosa’s employment terminates after the end of a fiscal year but before payment of the annual bonus payable for his services rendered in that fiscal year, the annual bonus that would have been payable to Mr. Rosa for such completed fiscal year, provided that such termination is not due to the Company’s termination of Mr. Rosa for cause or Mr. Rosa’s resignation without good reason; and (iii) certain other benefits contemplated by the agreement.

The “*Conditional Benefits*” include the following: (i) a lump sum amount equal to one times Mr. Rosa’s annual base salary as of the termination date; (ii) continued medical coverage for 12 months following the termination date; (iii) continued vesting of equity awards for 12 months following the termination date; and (iv) a pro-rata annual bonus for the year in which the termination date occurs, determined on the basis of an assumed full-year target bonus and the number of days in the applicable fiscal year occurring on or before the termination date.

The Form 3/A filed with the SEC on May 10, 2012 further indicated that each of CM 4A and CM 4B is an affiliate of CM Capital Investments Pty Ltd, and that each of the partners of CM Capital Investments Pty Ltd, including Dr. Mark Harvey (a former Board member), has shared voting and dispositive power over the securities held by each of CM 4A and CM4B.

To our knowledge, CM Capital Investments Pty Ltd and/or its affiliates purchased an additional 124,998 shares in the confidentially marketed public offering which closed on September 24, 2013. None of CM Capital Investments Pty Ltd, CM 4A or CM 4B filed an amendment to the previously filed Form 3/A in connection with such purchase.

The discrepancy between the number of shares reflected in the table and the number of shares reflected in the Form 3 filed with the SEC on February 28, 2012 is due to rounding upon conversion of Chess Depository Instruments into shares of common stock in connection with the Company’s delisting from the ASX. The Form 3 filed with the SEC on February 28, 2012 further indicated that GBS Venture Partners Pty, Ltd manages each of BVII and BVIII.

To our knowledge, due to a change in Dr. Brooke’s relationship with GBS Venture Partners Pty, Ltd, Dr. Brooke no longer has any voting or dispositive power over the securities held by BVII or BVIII; each of GBS Venture Partners Pty, Ltd and Brigitte Smith has shared voting and dispositive power over the securities held by BVII and BVIII.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Compensation Committee Interlocks and Insider Participation

The directors who served on our Compensation Committee during the fiscal year ended December 31, 2013 were Dr. Brooke, Mr. Buckman and Mr. Erb. No such person was an officer or employee of Sunshine Heart during fiscal 2013 or has ever been an officer of Sunshine Heart, and no such person had any transaction with the Company required to be disclosed in “- Related Party Transactions” below. During fiscal 2013, none of our executive officers served on the compensation committee (or equivalent) or the board of directors of another entity whose executive officer(s) served on the Compensation Committee or the Board.

Related Party Transactions

We give careful attention to related person transactions because they may present the potential for conflicts of interest. Under SEC rules, a related person transaction is any transaction or series of transactions in which: the Company or a subsidiary is a participant; the amount involved exceeds the lesser of \$120,000 or one percent of the average of the Company’s total assets at year end for the last two completed fiscal years; and a related person has a direct or indirect material interest. A “related person” is a director, executive officer, nominee for director or a more than 5% stockholder, and any immediate family member of the foregoing.

[Table of Contents](#)

To identify related person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. We maintain a policy for the review, approval or ratification of related person transactions, and our Audit Committee reviews all related person transactions identified by us. The Committee approves or ratifies only those related person transactions that are determined by it to be, under all of the circumstances, in the best interests of Sunshine Heart and its stockholders. The Committee affirmatively determined that none of the related person transactions below constituted a conflict of interest.

Mr. Salvesson, one of the Company's Class II directors, is the Vice Chairman, Investment Banking and Chairman of the Healthcare Investment Banking Group at Piper Jaffray Companies. Piper Jaffray Companies is the parent company of Piper Jaffray & Co. Piper Jaffray & Co. served as joint book-running manager for the Company's confidentially marketed public offering which closed on September 24, 2013, and received approximately \$1.1 million in fees from the Company for these services. Mr. Salvesson resigned from the Audit Committee prior to the offering, effective September 8, 2013.

Funds affiliated with CM Capital Investments Pty Ltd purchased 124,998 shares of our common stock at a price of \$10.50 per share in the Company's confidentially marketed public offering which closed on September 24, 2013. At such time, funds affiliated with CM Capital Investments Pty Ltd beneficially owned more than 5% of our common stock.

We are party to an agreement with WSP Trading Limited pursuant to which WSP performs technical and medical advisory services for the Company. Dr. Peters, our Chief Technical Officer and Medical Director, is a director of WSP and owns all of the equity of WSP. The Company makes payments to WSP rather than to Dr. Peters directly for Dr. Peters' services. For the fiscal year ended December 31, 2013, we paid WSP A\$294,603, which is also the annual rate established for 2014. For the fiscal year ended December 31, 2012, we paid WSP A\$283,272. Such amounts do not include Dr. Peters' nonequity incentive plan compensation, which is further discussed under "Named Executive Officer Compensation Tables-Summary Compensation Table-Narrative Discussion of Summary Compensation Table for Fiscal 2013".

In February 2012, we sold 62,500 shares of our common stock and warrants to purchase 18,750 shares of our common stock to funds affiliated with Straus & Partners for an aggregate purchase price of A\$500,000 as part of a private placement. During fiscal 2012, funds affiliated with Straus & Partners beneficially owned more than 5% of our common stock.

AUDIT COMMITTEE REPORT

The primary function of our Audit Committee is oversight of our financial reporting process, publicly filed financial reports, internal control over financial reporting, and the independent audit of our consolidated financial statements. The consolidated financial statements of Sunshine Heart for the year ended December 31, 2013 were audited by Ernst & Young LLP, the Company's independent registered public accounting firm.

As part of its activities, the Audit Committee has:

- reviewed and discussed with management and the independent registered public accounting firm the Company's audited consolidated financial statements;
- discussed with the independent registered public accounting firm the matters required to be communicated under Public Company Accounting Oversight Board (the "**PCAOB**") *Auditing Standard No. 16, "Communications with Audit Committees"*;
- assessed the permissibility of, and pre-approved all audit, audit-related and non-audit services provided by the independent registered public accounting firm; and
- received the written disclosures and letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Committee concerning independence, and has discussed

with the independent registered public accounting firm the independent registered public accounting firm's independence.

Management is responsible for the Company's system of internal controls and financial reporting processes. Ernst & Young LLP is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the PCAOB and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. We qualify as an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012, and so we are exempt from the auditor attestation requirement in the assessment of our internal control over financial reporting pursuant to the Sarbanes-Oxley Act of 2002. As a result, Ernst & Young LLP does not issue a report on the Company's internal control over financial reporting.

Based on the foregoing review and discussions and a review of the report of Ernst & Young LLP with respect to the consolidated financial statements, and relying thereon, the Audit Committee has recommended to the Board the inclusion of the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

AUDIT COMMITTEE MATTERS

Auditor Services Pre-Approval Policy

The Audit Committee has adopted an auditor services pre-approval policy applicable to services performed for the Company by its independent registered public accounting firm. In accordance with this policy, the Committee's practice is to assess the permissibility of and pre-approve all auditing, audit-related and non-audit services to be provided by the independent registered public accounting firm during the year. The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permissible audit-related and non-audit services. Any pre-approvals granted pursuant to delegated authority must be reported to the Committee at its next regular meeting.

The Committee has determined that the provision of the non-audit services described in the table below was compatible with maintaining the independence of our independent registered public accounting firm. The Committee reviews each non-audit service to be provided and assesses the impact of the service on the auditor's independence.

Auditor Fees

Ernst & Young LLP served as our independent registered public accounting firm for our fiscal years ended December 31, 2013 and December 31, 2012. The following table sets forth the fees we incurred for audit and other services provided by Ernst & Young LLP in fiscal 2013 and 2012. All of such services described below were pre-approved in conformity with the Audit Committee's pre-approval policies and procedures described above.

Audit Fees (1)	331,182	235,918
Audit-Related Fees	---	---

All Other Fees	---	---
Total	537,524	423,234

[Table of Contents](#)

- (1) Audit fees in 2013 and 2012 consisted of fees relating to the audit of the Company's annual consolidated financial statements included in the Company's annual report on Form 10-K, the review of interim condensed consolidated financial statements included in the Company's quarterly reports on Form 10-Q, the review of the Company's registration statements and the completion of comfort letter procedures associated with the Company's securities offerings.
- (2) Tax fees in 2013 and 2012 consisted of fees for tax compliance, tax advice and tax planning services. Such fees primarily related to federal and state tax compliance and planning.

PROPOSAL 2 – RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In accordance with applicable law, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace our independent registered public accounting firm. In March 2014, the Committee selected Ernst & Young LLP to be our independent registered public accounting firm for fiscal 2014. See "Audit Committee Report" and "Audit Committee Matters" for additional information on Ernst & Young LLP's services provided to us in fiscal 2013.

As the Audit Committee has responsibility for the selection of our independent registered public accounting firm, your ratification of the selection of Ernst & Young LLP is not necessary. However, the Committee will take your vote on this proposal into consideration when selecting our independent registered public accounting firm in the future. Even if the stockholders ratify the selection of Ernst & Young LLP, the Committee may in its sole discretion terminate the engagement of Ernst & Young LLP and direct the appointment of another independent auditor at any time during the year, although it has no current intent to do so.

Representatives of Ernst & Young LLP will attend the meeting, will have the opportunity to make a statement, if they desire to do so, and will be available to answer appropriate questions from our stockholders.

The Board recommends that you vote FOR the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014.

ADDITIONAL MATTERS

Equity Compensation Plan Information

The following table sets forth certain information as of December 31, 2013 concerning our equity compensation plans:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	1,880,002(1)	\$7.76(2)	330,642(3)
Equity compensation plans not approved by security holders	213,000(4)	\$10.77	387,000(5)
Total	2,093,002	\$8.08	717,642

[Table of Contents](#)

- (1) Consists of shares of common stock that may be issued pursuant to outstanding stock options, stock warrants and restricted stock unit awards under the 2002 Stock Plan, the 2011 Equity Incentive Plan and the 2013 Directors' Plan.
- (2) Excludes restricted stock units because they convert into common stock on a one-for-one basis at no additional cost.
- (3) Consists of 142,946 shares remaining available for future issuance under the 2011 Equity Incentive Plan and 187,686 shares remaining available for future issuance under the 2013 Directors' Plan. No additional awards may be issued under the 2002 Stock Plan.

Each of the 2011 Equity Incentive Plan and the 2013 Directors' Plan contains an "evergreen" provision, pursuant to which the number of shares available for issuance under the plan automatically increases by a percentage of the number of fully diluted shares outstanding. Specifically, pursuant to the 2011 Equity Incentive Plan, for a period of five years commencing on January 1, 2013 and ending on (and including) January 1, 2017, the aggregate number of shares of common stock that may be issued pursuant to stock awards will automatically adjust on each January 1 so that it will equal (i) 13% of the fully diluted shares as of the immediately preceding December 31, reduced by (ii) the number of shares of common stock issuable upon exercise of outstanding options under the 2002 Stock Plan. Pursuant to the 2013 Directors' Plan, the share reserve under the plan will automatically increase on January 1st of each year, for a period of not more than ten years, commencing on January 1, 2014 and ending on (and including) January 1, 2023, to an amount equal to 2% of the fully diluted shares outstanding on December 31st of the preceding calendar year; provided that the Board may act prior to January 1st of a given year to provide that there will be no January 1st increase in the share reserve for such year or that the increase in the share reserve for such year will be a lesser number of shares than would otherwise occur.

- (4) Consists of shares of common stock that may be issued pursuant to outstanding stock options under the New-Hire Plan. The Board approved the New-Hire Plan in July 2013. The New-Hire Plan provides for the grant of the following awards: options not intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code, restricted stock awards, restricted stock unit awards, stock appreciation rights and other stock awards. Eligible award recipients are individuals entering into employment with the Company who were not previously employees or directors of the Company or following a *bona fide* period of non-employment. All awards must constitute inducements material to such individuals' entering into employment with the Company within the meaning of the NASDAQ listing rules, and all awards must be granted either by a majority of the Company's independent directors or by a committee comprised of a majority of independent directors within the meaning of the NASDAQ listing rules. Promptly following the grant of an award under the New-Hire Plan, the Company must (i) issue a press release disclosing the material terms of the award and (2) notify NASDAQ that it granted such award in reliance on the "inducement grant exemption" from NASDAQ's stockholder approval requirements for equity compensation plans.
- (5) Consists of 387,000 shares remaining available for future issuance under the New-Hire Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities ("*insiders*") to file reports with the SEC regarding their pecuniary interest in our equity securities and any changes thereto, and to furnish copies of these reports to the Company. Based on our review of the insiders' forms furnished to the Company or filed with the SEC and representations made by the directors and applicable executive officers, no insider failed to file on a timely basis a Section 16(a) report during our most recent fiscal year, except that there were four transactions completed for each of Messrs. Bassett, Mathiesen, Peters and Yearick and Ms. Kridner, and three transactions completed for Mr. Rosa, which were not timely reported. Each of the foregoing individuals received stock and restricted stock unit awards and submitted two late reports regarding the disposition of shares due to the withholding related to the awards and monthly vesting of the restricted stock units. In addition, Dr. Peters filed one late Form 4 (reporting the grant of a stock option award), and Mr. Buckman submitted one late filing with respect to one transaction completed in fiscal 2012.

Stockholder Proposals for the 2015 Annual Meeting

Deadline for Stockholder Proposals to be Considered for Inclusion in the Company's Proxy Materials

Unless the date of the Company's 2015 annual meeting of stockholders changes by more than 30 days from the date of the Company's 2014 annual meeting of stockholders, in order for a stockholder proposal, including a director nomination, to be considered for inclusion in our proxy statement for the 2015 annual meeting of stockholders, the written proposal must be received at the Company's principal executive offices on or before December 17, 2014. If the date of the Company's 2015 annual meeting of stockholders is changed by more than 30 days from the date of the Company's 2014 annual meeting of stockholders, then the deadline for a stockholder proposal to be considered for inclusion in our proxy statement for the Company's 2015 annual meeting of stockholders will be a reasonable time before we begin to print and send our proxy statement for the 2015 annual meeting. Any proposal should be addressed to Sunshine Heart, Inc., Attention: Secretary, 12988 Valley View Road, Eden Prairie, Minnesota 55344. The proposal must comply with SEC regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of our Bylaws (and not pursuant to Rule 14a-8 of the Exchange Act) must be received no earlier than January 29, 2015, and no later than February 27, 2015.

Other Matters

We do not know of any other matters that may be presented for consideration at the annual meeting. If any other business does properly come before the meeting, the persons named as proxies above will vote as they deem in the best interests of Sunshine Heart.
